

Please Vote for LILA BRINGHURST

Lila's priorities as a member of Board of Trustees

- ❖ **Students** - As a board member I would focus on trying to make sure we are producing graduates who are qualified and prepared for further education, a career and a productive life.
- ❖ **Asset Management** - Many changes are planned at the Fremont campus and the Newark Campus is being developed. The board needs to be careful stewards of tax dollars and make sure expenditures will enhance our ability to attract qualified students and provide programs they need.
- ❖ **More community awareness of the Smith Center for the Fine and Performing Arts** – As a board member, I will support development of the amphitheater and encourage more community involvement in programming and production in this wonderful state-of-the-art facility.

Deon and I moved to Fremont in 1960 and raised our family here. I have been actively involved in this great community. I now wish to serve you on the Ohlone Community College Board of Trustees. I appreciate your giving me this opportunity.

Lila Bringhurst

Ohlone College Board of Trustees, Seat 3
